

TRAILER BRIDGE

Past Performance Highlights

Global Government Logistics Support.

Trailer Bridge's Government Division has supported U.S. government and military logistics requirements across multiple Combatant Commands, delivering integrated transportation, port operations, and sustainment services in complex global operating environments.

USAFRICOM

Spain to Ghana

- **Mission Scope:** Port-to-port movement of mixed cargo, including vehicles, containers, and breakbulk
- **Services Delivered:** Stevedoring and Related Terminal Services (S&RTS), port readiness, MHE, labor coordination, customs support
- **Execution Highlights:** Coordinated operations across European and West African ports supporting SDDC requirements

Florida to Ivory Coast

- **Mission Scope:** Door-to-door movement of 15 high-cube containers
- **Services Delivered:** Inland transport, LORO vessel coordination, S&RTS, port and customs support
- **Execution Highlights:** End-to-end coordination across U.S. and West African logistics environments

USCENTCOM

Puerto Rico to Kuwait (Operation Inherent Resolve)

- **Mission Scope:** Port-to-port movement of mixed-class military cargo
- **Services Delivered:** RORO and LOLO vessel scheduling, S&RTS, port operations, customs coordination
- **Execution Highlights:** Utilized Trailer Bridge-owned RORO assets and in-house port personnel to support sustained overseas operations

Oman to Alaska

- **Mission Scope:** Door-to-door transport of oversized and breakbulk cargo
- **Services Delivered:** Multi-node S&RTS, labor coordination across four locations, vessel coordination
- **Execution Highlights:** Managed complex routing across CENTCOM and NORTHCOM with multiple port and inland handoffs

USEUCOM

Louisiana to Poland

- **Mission Scope:** Door-to-door movement of heavy vehicles and breakbulk, including Class 3 HAZMAT
- **Services Delivered:** LOLO vessel support, S&RTS, port labor and equipment, customs coordination
- **Execution Highlights:** Supported European deployment requirements across U.S. and EU ports

United Kingdom to United States

- **Mission Scope:** Breakbulk and containerized cargo for Missile Defense Agency consignees
- **Services Delivered:** RORO charter, S&RTS, vessel time charter management, port operations
- **Execution Highlights:** Managed high-risk cargo and charter terms across transatlantic routes

USNORTHCOM

Balikatan Marines Exercise 23

- **Mission Scope:** Port operations support for multinational military exercise
- **Services Delivered:** S&RTS coordination, subcontractor management, port and customs support
- **Execution Highlights:** Coordinated U.S. and Indo-Pacific port operations in support of joint exercises

South Carolina to Puerto Rico

- **Mission Scope:** Door-to-door movement of 75 MRAP vehicles and general cargo
- **Services Delivered:** RORO transport using Trailer Bridge-owned assets, inland trucking, S&RTS
- **Execution Highlights:** Integrated port, vessel, and inland execution supporting Army requirements

INDOPACOM

Massachusetts to Australia

- **Mission Scope:** Door-to-door breakbulk movement of shipper-owned containers
- **Services Delivered:** S&RTS, LOLO vessel coordination, port operations, and customs support across multiple international nodes
- **Execution Highlights:** Coordinated multi-port execution across California, Japan, Singapore, and Australia, managing labor, equipment, security, and documentation

Vietnam to Sudan

(UN Peacekeeping Support)

- **Mission Scope:** Door-to-door movement of Military COE
- **Services Delivered:** End-to-end surface transportation, vessel charter, port operations, and coordination
- **Execution Highlights:** Managed the movement of mixed-class cargo, including DG HAZMAT, through coordinated multinational execution in a contested logistics environment

SOUTHCOM

Virginia to Peru

- **Mission Scope:** Door-to-port movement of heavy vehicles and breakbulk cargo
- **Services Delivered:** Roll-On/Roll-Off (RO-RO) vessel coordination, S&RTS, port labor management, and material handling support
- **Execution Highlights:** Managed end-to-end port operations across U.S. and South American ports, coordinating labor, equipment, and vessel operations

Connect with Our Government Logistics Team

To discuss capabilities, past performance, or alignment with current and future mission needs, **we invite government stakeholders to connect with our Government Logistics team.**
